🐙 GitHub: <https://github.com/nguyenvantuan2k1>

PROFESSIONAL SUMMARY

Software Developer with nearly 3 years of experience in building and maintaining web applications using **ReactJS and Java**, with a strong focus on **E-commerce and enterprise systems**.

Proven ability to deliver high-quality features, resolve complex issues, and optimize application performance in production environments. Experienced in working with cross-functional teams under Agile/Scrum methodologies.

Skilled in leveraging **AI-assisted development tools (GitHub Copilot, Codex, ChatGPT)** to accelerate development, improve code quality, and streamline debugging processes.

Passionate about continuous learning and staying up to date with modern technologies.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), TypeScript, Java

Frontend: ReactJS, Next.js, HTML5, CSS3, TailwindCSS, Bootstrap

Backend: Java (Spring Boot, JSP/Servlet), Node.js

Database: MySQL, SQL Server, PostgreSQL

Tools & Platforms: Git (GitHub/GitLab), Docker, Jenkins, CI/CD

AI Tools: GitHub Copilot, OpenAI Codex, ChatGPT

Others: RESTful API, Agile/Scrum, OOP, Debugging & Performance Optimization

PROFESSIONAL EXPERIENCE

Full-stack Web Developer

AvePoint | Da Nang, Vietnam

10/2025 – Present

- Developed and maintained CRM and web applications using modern web technologies
 - Built plugins, ribbons, and web-based features for enterprise systems
 - Collaborated with cross-functional teams to deliver scalable solutions
-

Full-stack Web Developer

Lotte Data Communication | Da Nang, Vietnam

10/2023 – 09/2025

- Developed and maintained enterprise web applications in production environments
 - Implemented new features and resolved system issues based on client requirements
 - Refactored legacy code to improve maintainability and performance
 - Collaborated with team members following Agile/Scrum methodology
-

Web Developer

Hitachi Vantara | Da Nang, Vietnam

08/2022 – 03/2023

- Developed frontend features using ReactJS and MUI
 - Built backend APIs using Node.js
 - Gained experience working in Agile/Scrum environment
 - Participated in real-world project development and system maintenance
-

PROJECT EXPERIENCE

Maintenance MT Group (Lotte)

Domain: E-commerce / CMS System
